Unicorn Children's Foundation is dedicated to improving the quality of life for children and young adults with neuro-diverse disorders (i.e., Autism, ADHD, Asperger's, Bipolar, Dyslexia, and other learning disorders) through the support of education, awareness, and research programs.

Proceeds from this year's gala will contribute to the opening of the **Unicorn Community High School** in South Florida. This state-of-the art high school will provide a positive, strength-based learning environment, that prepares students with neuro-diverse disorders to live, work, and enjoy life in communities, and with individuals, of their own choosing. In addition, we will continue our efforts to promote early identification and effective treatment, strength-based skill enrichment and self-advocacy, and expansion of evidence-based therapeutic and educational programs that provide access to realistic community experiences.

To date, we have awarded in excess of \$2,250,000 to support various initiatives around the world, including: Endowment of \$1,000,000 to the Mailman Segal Institute for Early Childhood Studies at Nova Southeastern University, Ft. Lauderdale, FL, to promote research on best practice interventions for clinicians, educators, and parents.

Over \$1,000,000 in research and education grants to universities and organizations:

York University, Toronto, Canada
